

## Friday Flyer 25th April 2025

Dear Ugborough Families,

It was lovely to see all of your children's smiling faces on Tuesday and welcome them back to school. It looks like they have all been enjoying the gorgeous weather and beautiful surroundings we live in during the Easter break.

We are already in full swing in school and the children and staff are working incredibly hard. Our staff are getting ready for SATs, residentials and the usual incredible learning experiences which they provide in class every single day.

We have worked very hard on developing our school library and Little Wandle phonics books. We need our books looked after and returned in the same condition they went home in. If this is not the case we will have to invoice families, to ensure that high quality resources are available for all of our children. We love reading at Ugborough and want our children to develop a strong love of books and reading. If you are able to give up time each week to come and listen to children read we would love to welcome you in. Please let Mrs Webley know and we will sort out a DBS. Thank you to everyone who already comes in and supports us, we really value your input.

I hope you all have a wonderful weekend and we look forward to seeing you all next week. Next Friday, we have mufti day, raising money for Children's Hospice South West. Please see the information further on in this Friday Flyer.

Best wishes,

Mrs French

Headteacher

Foundation and Year 1 have planted beans this week as part of our new Science topic about plants. Year 2 have planted peas and are undertaking an experiment with varying conditions to see how they will grow. We are all very excited to see the first signs of life from our plants!

Year 5 enjoyed an afternoon of Forest School, making dreamcatchers and working together in a few team building activities.

This week in science Ladywell have been investigating the impact of sugar on their teeth. They are observing how different sugary drinks affect the shell of an egg. Hard boiled eggs have been left in each drink for a period of time, they will observe them daily and record their observations.

The sun shone for our PE session with Adam on Thursday, hopefully it remains that way!
