

Friday Flyer 22nd March 2024

This term in Year 1 science we have been learning about materials and their different properties. Last week we talked about lots of different materials and which we thought would make good boats and why. This week we took our boats to the water and tested them out! We used our observation skills to see which material made the best boat and why.

In Year 2 we have also been looking at different materials and their properties. Last week we chose which materials we would like to make our boats from thinking about what we know about each material. This week we tested our boats to see if our prediction about the materials we used was correct. Using our observational skills and knowledge, we wrote why we thought our boat was successful! We also thought about how we could have made it better.

Wow - what a fantastic morning we had in Years 1, 2 and Foundation! We were so lucky to hear Simon James read two of his brilliant (and our favourite!) books - *The Day Jake Vacuumed* and *Sally and the Limpet*. We were also amazed to see him draw two super illustrations to go with the books. We learnt about how to create ideas for stories from our experiences and about the process of writing a book, including writing a 'dummy book' and getting your books published. We really enjoyed meeting Simon and came away inspired to write our own books (some in Year 2 already have started!)

Year4 have had a busy week, on Monday we got messy with the digestive system. We created our own scientific model of the digestive system, following bread through the digestion process.

We thoroughly enjoyed our visit from the author, Simon James on Tuesday, who shared his journey on becoming an author with the children.

In design technology this week, the children designed their own bread and learnt how to shape dough using salt dough, all in preparation for The Great Bread Bake Off after the Easter holidays.

Ladywell would like to introduce the newest member of our family - Archie! Archie hails all the way from the Sepilok Orangutan Rehabilitation Centre in Borneo. Mrs Trant visited this centre years ago when Archie was just a baby and was so moved by his story that she ended up adopting him. After seeing how passionate the children have been learning about the struggles the wild orangutan population continues to face, Mrs Trant has kindly re-adopted Archie all these years later in our name. Over the next year, the children will receive updates about the work that the Sepilok Centre are doing in Borneo as well as pictures of Archie and information about his progress towards being fully released back into the wild. Thank you so much, Mrs Trant! If anyone else is interested in supporting this very important cause, they can visit www.orangutan-appeal.org.uk

THANK YOU

Archie has been adopted by

Year3/4 Ugborough

School

for 1 year from 18 March 2024

Sponsored Book Bingo

Please sponsor your child to help raise money for more library books.

We love reading at Ugborough and we would like new books to excite your children.

Tick off as many boxes as possible.

Raise as much as you can- you can donate through School Gateway or as cash.

Class and individual prizes available.

|

Bingo sheets home tonight, due back in on Wednesday 27th
March for the celebration assembly on Thursday 28th
March.

Thank you for your support.

You've contributed £140.00 for books
for the children so far !

We are so incredibly grateful!

EASTER HAT COMPETITION

It's time to get creative!

Let your child's imagination run wild and create an Easter hat that's as bold and brilliant as they dare.

£1 per entry
Prize for each year group

Please make sure each masterpiece is named and handed into school by Wednesday 27th March.

Hats will be displayed and winners announced at the Easter tea event.
