

Friday Flyer 26th April 2024

Dear parents & carers,

These last two weeks have been extremely busy in school, we seem to have hit the ground running in this new term! The children have managed to get outside a lot more, thank you Mother Nature for giving us some dry, sunny days at last!

We are excited to share our Forest School dates with our key stage 2 parents. It's really important for us to engage our children within our amazing school grounds and enhance their outside learning experiences. Please remember, if the sun does decide to show itself once more, your child will need a sunhat and sun-cream applying before they come to school. Please also ensure your child gives you their water bottles for a good wash out on a regular basis as they can go a little green inside when the weather warms up!

Please read the calendar at the back of the Flyer for all up-coming important dates in school.

If your child is going on a school residential trip, please can you pay the full balance as soon as possible to help us settle invoices as they arrive from the centres. We do appreciate your co-operation with this.

I really hope you all have a wonderful weekend.

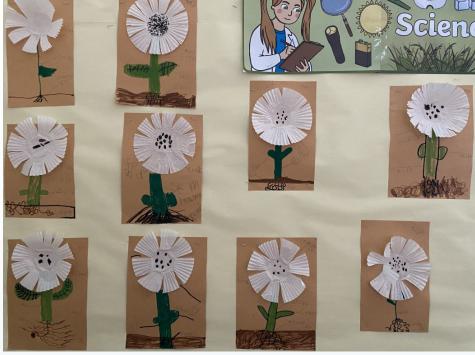

Kind regards,

Mrs Lucy French

In Year 1 science we have been learning about the different parts of a plant. We crafted some plants and labelled the different parts. We could remember the stem, roots, leaves, petals and seeds. We learnt what each of these parts does.

In science in Year 2 we have been watching our bean germinate! We have been learning about the life cycle of a plant as well as what plants need to survive and grow. We have been watching this bean (and our cress!) carefully noting down our observations.

In maths this week, Year 1 children have begun multiplication. We explored the words 'equal' and 'unequal', making both equal and unequal groups practically. We have also written sentences and number sentences to describe how many equal groups we have created.
